PRIVATE ENTERPRISE.

What makes it successful?

It was people then...
People made it go back in the early years of LOF when these young men came from countries with strange sounding names to earn their mark in the new world.

Today it is still people...
Today the sons and daughters, grandsons and granddaughters, still make private enterprise go in America.

Let's keep it going for another 200 years

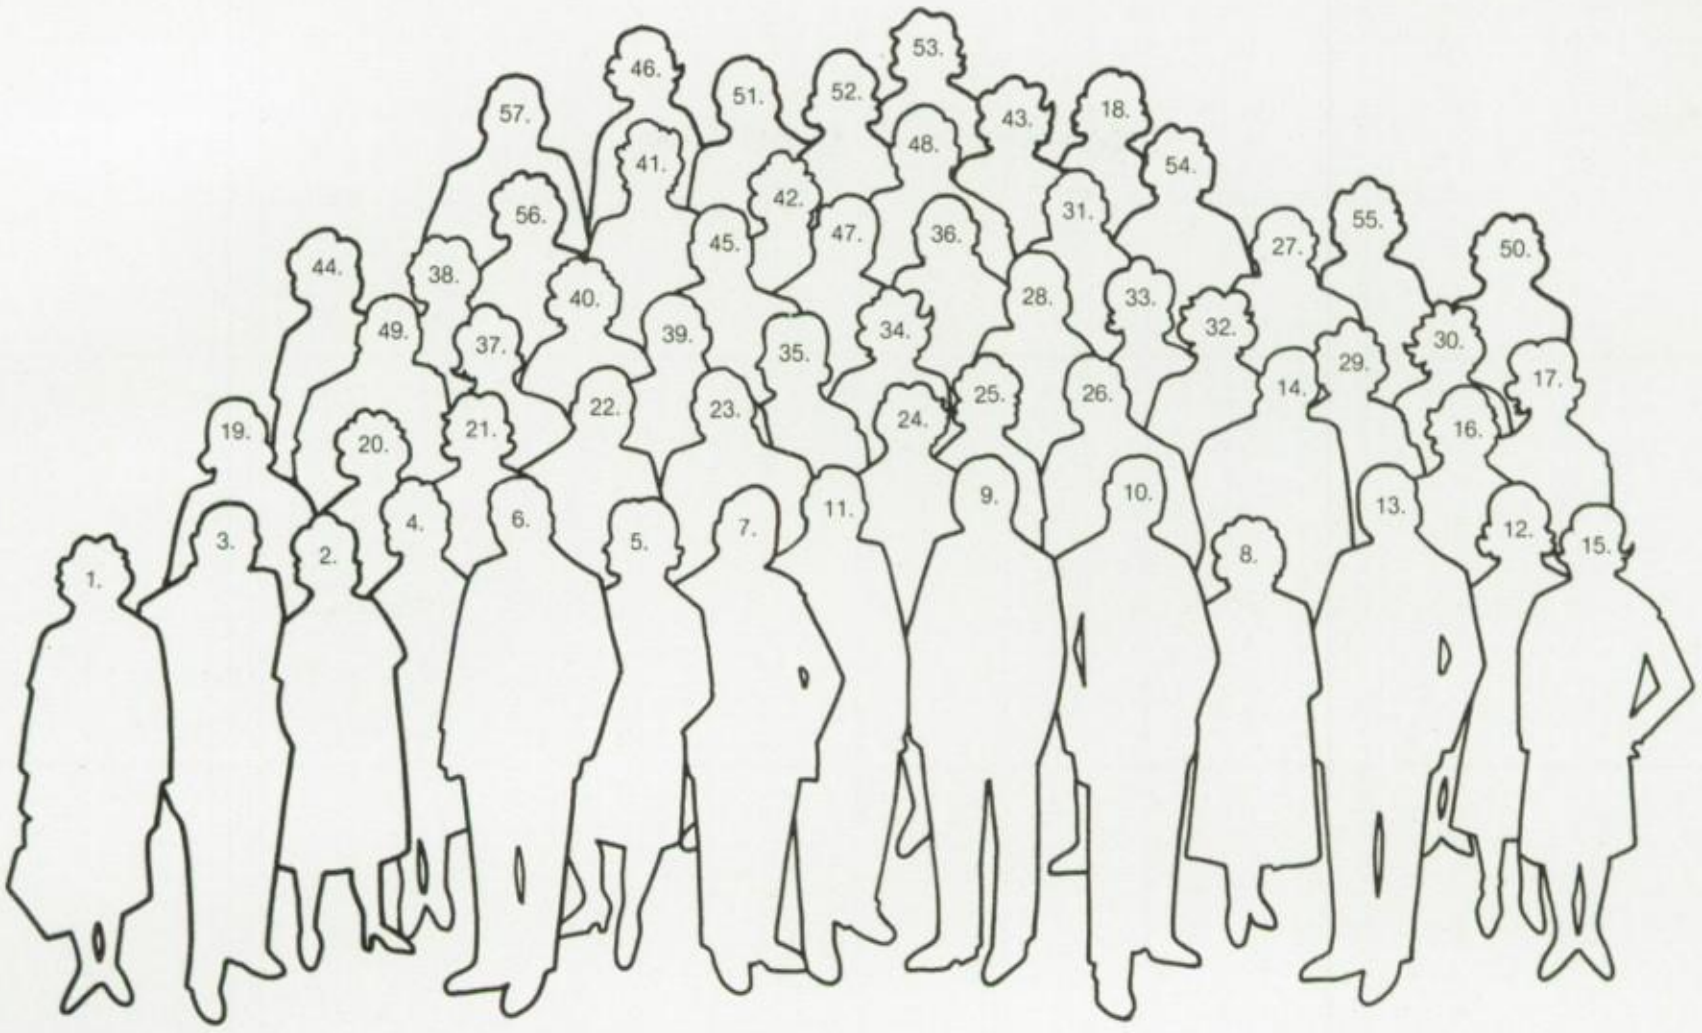
Class of '77 and Student Council '77-'78

From Student Council '76-'77



Meet 57 members of a successful team.

The 57 people you don't see here comprise the staff of Welles-Bowen, Insurers/Realtors. We couldn't get them all together for a picture because they've been too busy serving you.

These 57 busy people led Welles-Bowen to new all-time records in 1976 in both real estate and insurance. And we're counting on them to keep things bright in '77. Like the man said, "When you need to get a job done, give it to a busy person."

Our 57 busy people get the job done. They may not be able to get together all at once for a picture, but that's only because they're working hard to keep you in the picture, whether it's real estate or insurance.
